

Congratulations and Next Steps

Congratulations on completing this course. We hope you enjoyed it.

As a next step, you can take the appropriate follow-on Python Project from the list below to apply your new found skills in a real-world scenario.

- [Python Project for Data Science](#)
- [Python Project for Data Engineering](#)
- [Developing AI Applications with Python and Flask](#)

Note: Successful completion of this course is a pre-requisite for these Python Project courses.

You can explore the courses below to further hone and develop your skills for working with Data and Python:

- [Databases and SQL for Data Science with Python](#)

If you are looking to start a career in Data Science, Data Engineering or AI & Application Development, note that this course is part of the following Professional Certificates which are designed to empower you with the skills to become job-ready in these fields.

- [IBM Applied AI Professional Certificate](#)
- [IBM Data Analyst Professional Certificate](#)
- [IBM Data Science Professional Certificate](#)
- [IBM Data Engineering Professional Certificate](#)
- [IBM Full Stack Software Developer Professional Certificate](#)
- [IBM DevOps and Software Engineering Professional Certificate](#)
- [IBM Back-End Development Professional Certificate](#)
- [Applied Software Engineering Fundamentals Specialization](#)
- [Data Science Fundamentals with Python and SQL Specialization](#)
- [Applied Data Science Specialization](#)

We encourage you to leave your feedback and rate this course.
